Originally published in two volumes, this comprehensive examination of Missouri Law regarding land use has expanded. Each chapter is now available as a separate volume.

Volumes 1-7 examine the legal framework for land use in Missouri: statutes, regulations and cases.

Volume 1: Pre-Zoning Land Use Controls

Volume 2: Legal Structure of Land Use Controls

Volume 3: Amendments of Zoning Districts

Volume 4: Subdivision Regulation and Plats

Volume 5: Missouri Economic Development Law

Volume 6: Boards of Zoning Adjustment

Volume 7: Vested Rights - Estoppel

Volume 5, Missouri Economic Development Law, is a “must” for city attorneys, managers, developers and lawyers in private practice representing business. A substantial portion of the volume is devoted to **tax increment financing**, perhaps the most widely used development tool! The author briefed and argued Tax Increment Financing Commission of Kansas City, Missouri v. J.E. Dunn Construction Company, the seminal case which approved TIF in Missouri.

Volumes 8-13 are devoted to litigation. The author draws on his extensive experience to discuss:

Volume 8: Restrictions of Government Power

Volume 9: Barriers to Judicial Review

Volume 10: Appropriate Methods of Judicial Review

Volume 11: Challenges to Government Actions

Volume 12: Unconstitutional or Illegal Government Acts
